Effective March 15, 2010

The General Assembly of Virginia requires that animal medical facilities disclose hours of in-house on duty continuous medical staff care - is as follows:

Monday thru Friday (except Holidays) 8:00 AM – 7:00 PM

Saturday 8:00 AM – 12:00 PM

During the following Holidays all animals are checked on periodically by the veterinarian:

Thanksgiving

Christmas Eve

Christmas Day

New Year's Day

Memorial Day

July 4th

Labor Day

All animals both boarded and hospitalized are checked periodically by the veterinarian on duty during non-staffed hours.

Clients who desires continuous "around the clock care" nursing for their pets must request such care at admission. The cost for this is:

\$50.00 per hour per staff technician

\$100.00 per veterinarian for any hours not covered by routine hospital staffing hours.

I have read this form and I am aware of the above staffing hours.
